

# Farm Operators Westfjords of Iceland

**Arctic Fish is seeking to hire farm operators to our farming areas in the Westfjords of Iceland, Patreksfjordur, Talknafjordur and Dyrafjordur. We are looking for more skilled employees in our fast-growing company.**

Farm operators report to the Site Manager, and they are an important part of the teams running the day-to-day operations on the farms.

The work involves various tasks, such as feeding and monitoring the fish, inspection and maintenance of technical equipment and facilities as well as reporting of production and health status of the fish.

It is expected that tasks are completed in a professional manner adherent to strict health and safety requirements parallel to good housekeeping practice throughout all activities.

The work setup is based on 7 days on and 7 days off rotation, but the preferred candidate needs to have a flexible attitude to work hours.

---

## **WE ARE LOOKING FOR PEOPLE WITH THE FOLLOWING QUALIFICATIONS AND SKILLS:**

- Initiative and ambition towards work
- Punctuality and respect of time
- Human relations skills
- Boat licenses or/and boat engineers' qualifications
- Experience in aquaculture is preferred but not limiting.
- Interest in husbandry
- Understanding and interest of the importance of sustainability in aquaculture, both social, environmental, and economical.

**We can offer a competitive work package a relocation package if needed.**

For further information, please feel free to contact: Bernharður Guðmundsson, Site Manager Dýrafjörður, +354 848 6039 or Ísak Óskarsson, Site Manager Patreks- and Tálknafjörður, +354 846 7949

---
